Experience

Refactory Academy — Feb. 2025 – Present *Junior Web Developer & Technical Assistant* | Kampala, Uganda

- Built responsive web applications and user interfaces using HTML, CSS, JavaScript, React, and Express.js.
- Collaborated in team environments to design workflow automation and deliver solutions tailored to client specifications.
- Managed project timelines and milestones using Git version control and Slack for continuous team coordination.
- Refined UI requirements with teammates, applying UI/UX principles to improve usability across project deliverables.

VentureShift — May 2026 – Present *Outreach & Digital Sales Specialist* | Kampala, Uganda

- Identified gaps in prospective clients' online presence and qualified leads for web services and digital solutions.
- Booked discovery calls and sales appointments by communicating clear technical value propositions to decision-makers.
- Maintained organized lead-tracking pipelines and outreach databases to ensure consistent follow-up on every prospect.

DreamPort (ASAP Tickets / Trevolution Group) — Aug. 2026 – Present *Independent Travel Manager* | Remote

- Conducted high-volume inbound and outbound B2B/B2C sales consultations, qualifying international travel needs and budgets.
- Negotiated routes, packages, and complex logistics under tight timeframes to close high-ticket bookings.
- Managed client relationships end-to-end, handling objections, schedule changes, and issue resolution.
- Maintained CRM records and pipeline data within strict performance and commission targets.

Freelance — Aug. 2026 – Present *Web Solutions & Digital Outreach* | Kampala, Uganda

- Advised business owners on improving website functionality, online presence, and modern brand positioning.
- Presented custom web solutions aligned with client business needs, managing outreach and follow-ups through CRM workflows.
